SENIOR SAP PROFESSIONAL
SAP Implementation, Support and Migration | Project Management

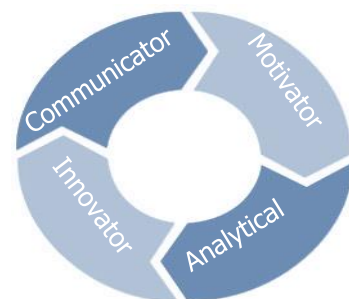

Executive Profile

- Offering **nearly 16+ years** of experience in multi-functional experience in spearheading end-to-end functions of SAP Implementation by implementing technology-based solutions across **multi-company & multi-country**
- Possess **strong skills in project management & implementation**; extensive experience in SAP implementation with merit of building functional & operational roadmaps, mapping processes and enhancing team performance to re-assure business standards across assignments
- Rich experience in:
 - SAP ABAP on HANA, BTP With RAP (Restful Application Programming) , CDS , AMDP , OData, Fiori , CAP , HANA Data Migration (LTMC/ DATA Transfer), HR-ABAP**
 - Work with Functional Module MM, SD, FI, PP, WM , EWM.**
 - Work with HCM Module (HR-ABAP) With PA, OM, Time, Payroll, ESS, MSS, SuccessFactors Interface with third party application.**
 - 2 End to end green field Implementation 1 brown field Implementation and 2 Migration Project in S/4 HANA (ECC to Version 1909, 2021) Implementation.**
 - Given Support for 20 SAP Implemented Project for 20 + Client**
 - 3 EHP Upgrade Project ECC6.0 to EHP 7 and EHP 8 (Subject Matter Expert for EHP Upgrade Activity SPDD / SPAU Object Changes)**
 - Subject Matter Expert / Solution Technical Architect for SAP Business Process Mapping and ABAP on HANA with OData & RAP (Restful Application Programming)**
 - SAP Certification - SAP Fiori Application Developer (C_FIORDEV_22) and SAP Integration Suite (C_CPI_14 CPI and BTP)**
 - Implementation and Support functions right from requirement mapping, documentation, scoping, costing, gap analysis, application development, testing till post implementation support.
 - Leading projects with highly skilled teams of varied skills and cross-functional SAP modules
- Insightful knowledge of business process analysis (As-Is, To-Be) into IT / ERP processes and design, application-based process reengineering, process optimization, cost control & revenue maximization from SAP system solutions using cutting edge technologies
- Proven success in ensuring** adherence to standard SAP best practices and business process mapping, meeting stakeholders to identify opportunities for business process optimization and solutions
- Interacted & built **relationships with onsite clients**; visited:
 - Malesia** for AMS-SAP Tenaga Project for ABAP / **Technical Development**

Key Skills

Strategic SAP Implementation & Support	Project Planning & Management
Systems / Modules Integration	Software Development Life Cycle
Client/ Stakeholder Engagement	SAP Migration, Upgrade & Enhancement
Techno-Functional Consulting	Cost Optimization
Process Improvement/ Automation	Team Building & Leadership

Soft Skills

- **France** for AMS-SOD Legrand Project as **Lead Technical Consultant**
- **Dakha / Singapore** for Holcim Lafarge Project as **Principal Lead Techno-Functional Consultant**

🕒 **Rewarded with the:**

- **Best Performance SPARK AWARD in IBM for RAP Development S/4 HANA Implementation for project for year 2021**
- **Best Performance Customer Delight AWARD in IBM for S/4 HANA Migration for project for year 2020**
- **Best Performer Cheers Award DFPCL Project in Birlasoft.**
- **Best Performer (Team Lead) Cheers Award 40 GST/Upgrade Project in Birlasoft.**
- **Best Performer Award for HRPS Singapore S/4 1709 Greenfield Implementation Project in Birlasoft.**

Education Details

- 🕒 B.Sc. (Electronics) Full time from North Maharashtra University / 2005

Career History Timeline

05/2021 – Till Date – CMM 3 Level Org Chennai
Role – Solution Architect and Technical Project Lead (ABAP ON HANA & RAP)

10/2021 – 05/2023 – DP Solutions Pvt Ltd
Role – Technical Architect and Technical Project Lead (ABAP ON HANA)

09/2019 – 10/2021 - IBM India Pvt. Ltd Pune.
Role - Lead Solution Architect for ABAP ON HANA.

06/2010 - 09/2019 - Birlasoft Ltd. Pune (Completed 9.5 Years).
Role - Principal Lead Consultant.

06/2009 - 04/2010 in KIPL as SAP Consultant.
03/2007 - 05/2009 in PISPL as SAP Associate Consultant.

Graphical KEY Skills (Out of 5) Hands on Exp.

[illegible]

KEY SKILL Details-

ABAP Skill Set (5 + Years in ABAP 5 Implementation and 30 Support 4 Roll-out 10 GST Projects)

- Data Dictionary - Tables, Domains, Data Element, Views, Lock Objects, Structures
- BDC Programming- Batch Input Session and Call Transaction Method
- Reports - Development of Classical reports, interactive reports, ALV reports
- Forms- Smart forms; SAP Script; Basic Adobe form
- Module Pool- Dialog Programming; ABAP Query; Modularization Techniques
- Enhancement - Implicit / Explicit; User Exit; Customer Exit; BADI; BTE
- CATS- Cross Application Components- RFC, Basic ALE IDoc
- Knowledge of:
 - HCM Cycle (Hire to Retire)
 - Sales and distribution
 - Materials Management

ABAP HR Skill Set (6 + Lead Techno-Functional 5 Implementation 10 Support Project)

PA and OM

- Create and enhanced:
 - Custom Infotype for PA and OM
 - Subtype in custom Infotype; developed report using LDB and Macros

Payroll-

- Fetch payroll result in custom reports and salary slip
- Developed salary slip using SMARTFORM and HRFORMS
- Enhanced payroll driver program and developed functions using PE04

Time Management

- Worked on both positive and negative time management
- Led the run time evaluation PT60 and PTBAL and capable to identify TM related issues
- Developed:
 - Time interface for fetching data from third-party database (Time Machine Database)
 - Time Related Reports using cluster and LDB
 - Claim Application cycle in ESS portal
 - Validation in R/3 side for ESS TA/DA application, ESS Leave application & for reimbursement claim using MAIL and SMS functionality
 - Forms using HCM FORMS and PROCESS
- Implemented time related validation & leave related validation ESS and MSS

OData Fiori Skill Set (4.5 + Years in ODATA Fiori Ui5 , 3 Implementation and 2 Support Projects)

- Created O data service, Activate Std. Odata service for new Fiori App.
- Led the:
 - Implementation of OData using Gateway builder tool

- Developed OData Service using CDS view
- Developed OData service using SADL technique
- Data binding with different binding types
- Consuming OData in SAPUI5 using OData and JSON models
- Integration with Fiori Launchpad, Enabling end user access
- Fiori Launchpad, Configuration of a standard Fiori app; activate the required service
- Creation of entity type, entity set, associations
- Customizing the runtime artifacts based functionality
- QCRUD operations of service implementation
- Installation of Eclipse / WEB IDE
- 🕒 Fetched the data from RFC/BOR, DDIC structure, Model from file
- 🕒 Understood the Java script code and debugging the knowledge on ui5 logic
- 🕒 Downloaded/uploaded and customized the standard Fiori Applications
- 🕒 Developed different Fiori applications followed by the guidelines

ABAP – HANA Skill Set (3 Implementation and 1 Support Project 1 Migration Project)

- 🕒 Managed:
 - HANA migration activities (HANATIAZATION / SIMPLIFICATION)
 - SAP code inspector with ATC
 - CDS (Code Data Services) view and consumed them inside program
 - AMDP (ABAP Managed Database Procedure)
 - **RAP development** using CDS Behavior and OData Fiori
- 🕒 Optimized a report with CDS view and ALV IDA

SAP BTP with RAP (2 Implementation and 1 Support Project 1 Migration Project)

- Followed Clean Core methodology approach
- Worked on Managed Fiori apps using BTP with RAP
- Worked on Unmanaged scenario implementation with CRUD operations using BTP with RAP
- Created Fiori apps for reporting based on ABAP RESTful Application Programming Model (RAP)
- Created Table maintenance Fiori apps using SAP RAP for data maintenance in custom table
- Created Service consumption model, cloud/http destination/client, outbound service, communication service
- Performed actions on buttons with authorization for Edit/Delete using BTP with RAP
- Used Virtual Elements in custom CDS views for value calculation of fields using BTP with RAP
- Fiori apps extension using side by side extensibility on SAP BTP

Worked on CDS views, AMDP and table functions based on the requirement

Major Projects and Assignment History

01/2022-Till Date

Loparex END to END Green Field Implementation on S/4 HANA 2021.

Position: Delivery Lead / Technical Architect

Contribution:

- Worked on OData, CDS View, AMDP Cross Application Interface development and guide to team members for RICEFW objects development.
- Developed seven Fiori app / report using **Restful Application technique (RAP)** (Daily / Monthly DNR VOC Production reports)
- Developed OData service for cross application.
- Enhanced standard Fiori App / OData Service
- Enhanced Std. Fiori app using side by side extension.

06/2023- Till Date

Borouge END to END Green Field Implementation on S/4 HANA.

Position: Delivery Lead / Technical Architect

Contribution:

- Worked on OData, CDS View, AMDP Cross Application Interface development and guide to team members for RICEFW objects development
- Developed seven Fiori app / report using **Restful Application technique (RAP)** (Daily / Monthly DNR VOC Production reports)
- Developed OData service for cross application.
- Enhanced standard Fiori App / OData Service

08/2021-05/2023

Apogee Electronics Ltd END to END Green Field Implementation on S/4 HANA 2021.

Position: Delivery Lead / Technical Architect

Contribution:

- Worked on OData, CDS View, AMDP Cross Application Interface development and guide to team members for RICEFW objects development
- Developed seven Fiori app / report using **Restful Application technique (RAP)** (Daily / Monthly DNR VOC Production reports)
- Developed OData service for cross application.
- Enhanced standard Fiori App / OData Service

10/2021-07/2022

LAM Research Ltd END to END Migration on S/4 HANA 2021.

Position: Technical Architect

Contribution:

- Complete Migration Project Plan and Technical Activity Planning.
- S/4 Migration Preparation - : Addon Impact , Source and Target System Preparation ,
- Readiness Notes, CVI-BP Notes, Performed Readiness Checks Notes, Custom Code Analysis Remote ATC Set Up
- SPDD, SPAU , Code Remediation (Quick Fix and Manual Changes)
- Std Fiori App setup and Enhancement as business need.
- Migration ECC to S/4 (Hanatization and Simplification), WRICEF.

05/2019 – 09/2021

NUS (Singapore University) END to END 1909 Green Filed S/4 HANA Implementation.

Position: Senior Lead Consultant

Contribution:

- OData and Fiori (Design and developed Custom App. Using RAP technique developed 7 End to end Fiori App.)
- Data Migration using LTMC and LTMOM (Direct Transfer)
- Design and developed third Party / cross Application Interface using CPI and OData (Inbound and Outbound)

02/2020 – 04/2020 **ABBOTT Lab. CHINA and KORIA Implementation:**

WM RF Screens developments

Position: Senior Lead Consultant

Contribution:

- Developed RF Screens and service using to POST GI using Production Order.
- Developed RF Screens and service using to POST GR using Production Order.
- Developed RF Screens and service using Purchase Order.
- Enhancement for Purchase order if Mfg. date is not maintained
- Team Lead Activity, Daily Status Call with team, Daily Status call with Business. Internal Code Review.

09/2019 - 01/2020

BRP Green Filed S/4 HANA Implementation Interface: Interface development using CDS view and ODATA in Greenfield 1709 S/4 HANA Implementation

Position: Senior Lead Consultant

Contribution: Developed Interfaces for FI Module using CDS and ODATA service
Developed Interfaces for Logistic Module using CDS and ODATA service
Developed Interfaces for Sales and Distribution Module using CDS and ODATA service
Developed Reports , Review code and efforts , Developed Reusable Utility Component.

12/2018 - 09/2019

Singapore Govt. END to END HRPS Project S/4 HANA Implementation

Project Description: 1709 S/4 HANA Implementation for HCM and FI Module with Submodules PAYROLL , TIME , EXIT , PENTION,AWARDS.

Position: Team Lead and Solution Architect

Contribution: Handled 30 Team Members and single point of contact for client for technical object delivery. Requirement gathering from Business user. Developed HR related Employee details report, Payroll Salary detailed report , Developed ODATA service for EXIT Action , TIME interface , HR-FI record Report , Developed validation using Enhancement Framework (BADI , Implicit / Explicit) Enhance Std. Info type , Create Std. Info type. Validation for FI module.

06/2018 - 11/2018

Quick Heal S/4 HANA Implementation

Project Description: Quick Heal S/4 HANA Implementation

Position: Team Lead and Solution Architect

Contribution: Developed Reports for SD , FI , MM Module, install Std. Fiori Apps enhance Std. Fiori App for Leave Application
Developed Vendor Information form using Module pool Workflow with Fiori Inbox.

01/2014 - 05/2018

AMS Support Projects with SAP (30 Project)

Description: Support Client - Tenaga – Malesia (Singapore SAP Lab), ZESPRI – Australia SAP Lab, Mahagenco (India SAP LAB), Legrand (France, US and Denmark) & HOLCIM Lafarge

Position – Lead Consultant

EHP Upgrade Project Putzmizer German Client ECC6.0 to EHP 8

Endurance ECC 6.0 to EHP 7

INS TANAJI ECC6.0 to EHP 7

Successfully Implement 4 GST Project

Contribution - Developed Purchase register; Sales Register; Purchase Order Form; Email generation for every day inventory through QA32, Smart form for Delivery Challan, Reject Challan and GRN print, & various report for SD, MM, FI, PM, QM

Led the SMS generation for Sales Order, invoice generation & weekly reminder to customer

Executed SPDD and SPAU activity for GST and Upgrade project Modified sales report as per requirement

PP Module

Reports- Daily Shift Wise Loom Efficiency Report, Daily Loom Wise Weaving Production Report, Weaver & Reliever Wise Efficiency Report, Weaver & Reliever Wise Efficiency Report User-exit- - For Create Screen T-code CO11N. (CONFPP04) BADI FOR ADD Material Description Field in COOIS T-code SD Module Smart forms- - Tax invoice, Delivery Challan Reports- Sales Reports- Daily Sales Reports Quantity Reports State wise Monthly Quantity Daily Fabric Status Report Storage location Wise (use MARD) User-exit- - For Credit Control Area (LVKMPFZ1)

FI Module

Smart forms- Credit / Debit Note, Bank Receipt Voucher, Journal Voucher, Advance Payment Voucher Reports - TDS Report (Used Container), Balance Sheet report, VAT Report, BRS Report Module Pool Program Develop for all Report see in One Screen Create code for cash limit validation. Use (T-Code ob28)

MM Module

Smart Forms- Purchase Order, Purchase Requiring, Purchase Voucher, and Goods Receipt Reports- - Material Rejection Reports, Item Wise Supplier Reports, Purchase Plan Monthly, VAT Report, C forms Report, Stock Report User-exit- - For Purchase Order Addition view BADI for MIRO for add custom fields on screen

EHP Upgrade Project Activity - Support during upgrade process SPDD / SPAU , Implement Suitable and required Notes , New requirement gathering from business user , understand existing process and development and according to business requirement developed new development.

01/2013 - 12/2013

ADVIK and Oriental Rubber Implementation

Project Description: ADVIK and Oriental Rubber Implementation with HCM module

Position: Lead Consultant

Contribution: Requirement Gathering, Implementation, Testing and Support, Developed ABAP Reports for SD, MM modules Worked on Enhancements and Smart forms, Worked on performance optimizations , Worked as a Technical Lead with a team of 6 developers.

HR-ABAP Contribution: Developed Optional Holiday Leave Validation for ESS user , Claim Application Cycle in ESS portal, Email generation reminder / rejection for reimbursement claim, ESS user Clock in /Out correction in ESS portal and R/3 validation using workflow R/3 validation, ESS user for time management TA/DA claim validation for ESS user Attendance/Absence validation, ESS user Salary variance report, Payroll Salary estimation report, Annual CTC / Grade wise CTC report for Payroll Workflow for Outdoor duty time event type HCM Form & Process Salary slip using HRFORMS and SMARTFORMS ADOBE Form / Validation Part for Forms Form16, Worked in Flexi Time Implementation (developed interfaces and validation), Managed Transfer Smart form pay slip to HRFORMS and attached to ESS portal, Patch upgrade activity including SPDD and SPAU Termination work bench; Bank summary report; Bank wise salary report CTC master; Full and Final Settlement Pay slip; Leave Register Report; MIS report Interface – Interface between Time Machine data to SAP database (using file) Reports for - - Eligible Days for Payment; Leave Details; Employee wise Time report Script and Smart forms -- Absence Letter, Letter of Joining, HR Letters, Promotion Letter; Letter of designation, Retirement Letter, Re-Allotment of Letter, Letter Service Certificate, Letter for Long Term Service Award Enhancement- For leave validation

01/2012 - 12/2012

Harland Clarke. (US) and BHER Paints US Implementation Project

Position: Senior Consultant

Contribution: Prepared Nomenclature, ABAP coding standard , Checklist and Developed External Pay Change From using the HCM Form & Process Termination Form using the HCM Form & Process ABAP objects created in the project were – AL11 directory – interface, Extraction programs, transactions, Structures, Table, table events, table index.

06/2010 - 12/2011

DFPCL Ltd DFPCL Implementation and Upgrade Project ECC4.7 to 6.0

Position: Senior Consultant

Contribution: SPDD/ SPAU Activity, Involved in developing resend program and extraction function modules, Involved in creation of Initial & delta program.

All the extraction details were logged in custom table and housekeeping of this table and AL11 processed files were Object development and review of the development requests assigned.

Development of Technical specification documents for the developments assigned,
Coding and creation of unit test plans for the objects developed,
Ensuring a high-quality solution for all the delivered objects to the client within the schedule.
Requirement Gathering, Implementation, Testing and Support: • Single handedly worked directly with business without of FC. •
Interface between: SAP and CMS Database when Hiring New Employee SAP and CMS Database when Shift Plan is change for
Employee CMS Database and Time Machine and SAP

SD Module-

Smart forms- - Tax invoice, Delivery Challan
Reports- Sales Reports- Daily Sales Reports Quantity Reports
State wise Monthly Quantity Daily Fabric Status Report Storage location Wise (use MARD)
User-exit- - For Credit Control Area (LVKMPFZ1)

FI Module-

Smart forms- Credit / Debit Note, Bank Receipt Voucher, Journal Voucher, Advance Payment Voucher
Reports - TDS Report (Used Container), Balance Sheet report, VAT Report, BRS Report
Module Pool Program Develop for all Report see in One Screen
Create code for cash limit validation. Use (T-Code ob28)

MM Module- –

Smart Forms- Purchase Order, Purchase Requiring, Purchase Voucher, and Goods Receipt
Reports- - Material Rejection Reports, Item Wise Supplier Reports, Purchase Plan Monthly, VAT Report, C forms Report, Stock
Report
User-exit- - For Purchase Order Addition view
BADI for MIRO for add custom fields on screen

01/2008 - 04/2010

EPP and Samrudhi Implementation and Support

Position: Consultant

Contribution • BDC for Extension valuation of material [T-code: MM01, MM02] • Report for month wise Plan Vs. Actual
Consumption • Report for Daily Material Consumption • Report to Mail Employee Performance Evaluation Form to respective
seniors • Report for Reporting Structure of Employee • Report to Auto Mail Pay Slip to Employee (SAP-PAYROLL) • Creating
report to update zone, region in employee master by file upload. • Report to mail Form 16 to individual Employees. • Developed
Report & Smart form for Interview Call Letter for Applicants. • Developed various Smart forms for Voucher Printing, Invoices,
Sales order, PO etc. Developed various HR Letters using SAP Scripts. • Implemented Various Exits like data Validation in QM01,
exit to check Quantity, Batch & Quality in PO & Contract, Exit to Automatically Create Batch Number in Production Order. •
Implemented Various BADI's to send mail When Sales Order Is created, VF01 for Quality Complaint • Created a Various BADI
for Integration of SAP.

Other and Highlights:

- Able to handle as team lead / solution architect above 30 SAP consultant (Technical + Functional)
