

SUJIT SANTOSH GIR GOSAVI

Personal Information

Address: Krystal City, Pune, INDIA
Mobile Number: 9637266133
Alternate Number: 7020238693
E-Mail: sujit.gosavi03@gmail.com
Date of Birth: 25.07.1986

Professional Experience

MAJOR ASSIGNMENTS: (Assignments from the Most Recent to the Past)

Assignment 4: 3DEXPERIENCE- CAA CATIA Development

Company Name	DASSUALT SYSTEMES Pune
Projects:	3DEXPERIENCE GSD and Live Rendering App
Environment:	3DEXPERIENCE
Team Size:	9
Tools and Framework	CAA, EKL, mkmk, DSx R&D tool, DSXplore Engine, DSx Client
Role:	Developer
Duration	25-August 2019-21 till date

Responsible for:

- Analyzing defects
- Finding root cause of defect by debugging into it
- Fixing defect
- Testing the behavior after fixing the issue
- Impact analysis for given fix
- Creating Automated test case for fixed defect
- Promoting the fix to different levels.
- Created new App/CATIA Workbench using CAA
- Working of development of completely new CATIA Rendering related Application.
- CATIA New functionality development using CAA and EKL
- Automation using EKL scripts
- Design Validation using EKL tools.

Assignment 3: Technical Support for 3DEXPERIENCE and V5 CATIA Apps.

Company Name	DASSUALT SYSTEMES Pune
Project:	3DEXPERIENCE Front End & BackEnd Support
Environment:	3DEXPERIENCE
Team Size:	4
System/Application	3DEXPERIENCE – Configuration Management, Change Management, Program Management, Engineering BOM
Tools	DSx R&D tool, DSx Client, CAA, mkmk, DSxplorer
Role:	Front End and Back End Support Manager
Duration	1-April -19 to 20-August-2020

Brief description of the project:

Providing Technical support to customers.

Responsible for:

- Analyzing customer issues through service request.
- Providing customer with Workaround if possible
- Finding the root cause of customer issues by debugging it
- Providing the fix for the same issue
- Testing the fix
- Impact analysis
- Creating Automated tests
- Promoting the fix to different levels
- Closing the Customer issue through service request using DSx Client tool

Assignment 2: Managing CATIA-CADAM Project

Company Name	DASSUALT SYSTEMES Pune
Project:	CATIA CADAM Project management
Team Size:	2
Application	CATIA CADAM
Tools	IBM Rational ClearCase, InstallShield 2018, Dreamweaver
Technology	C, C++, Fortran, HTML, CSS
Role:	Project Technical Lead
Duration	1-Apr 2017 to till date

Brief description of the project:

CATIA CADAM is application which is mostly used in Aerospace domain and I have been managing this project along with other ongoing projects.

Responsible for:

- Analyzing customer issues through service request.
- Providing customer with Workaround if possible
- Finding the root cause of customer issues by debugging it
- Providing the fix for the same issue
- Creating Details plan about CATIA CADAM release
- Build creation
- Performing test for new release
- Performing media upload on website
- Gathering customer requirement
- Creating detail plan for customer requirement and delivery plan.
- Installing License server on the server machine

- Enrolling concurrent licenses on the license server

Assignment 1: Manual and Automation Testing

Company Name	DASSUALT SYSTEMES Pune
Project:	3DEXPERIENCE and V5
Tool/Language	SIKULI framework, Python.
Application	CATIA : GSD, FREESTYLE, ICEM SHAPE Design, EKL ENOVIA : Configuration Management, Change Management, Program Management, Engineering BOM
Team Size:	8
Platform	Desktop based
Role:	QA Manager
Duration	1-March 2011 to March-2017

Brief description of the project:

Performing Manual and automation testing on 3DEXPERIENCE platform.

Responsible for:

- Design and implement reusable automated test frameworks(POM) to drive test automation goals and to support continuous integration and regression testing. Utilize and extend existing test automation
- write SIKULI automation scripts in python
- Prepared test cases and scripts
- Automated test execution and resolved issues in test scripts.
- Focal Point for analyzing Client's Requirement and giving suggestion to Development team.
- Preparing Test Plans, Test Scenarios, Test Data for the test cases.
- Executing the Test Cases.
- Test Automation using Selenium, Sikuli, Sahi, ODT.
- Regression testing to ensure the function or application quality.
- Analyzing, reporting and Tracking defects using in house Tool.
- Install and configure products on various platforms.
- Performing the Packaging test.
- Performing test on Cloud platform.
- Create Lesson Learnt documents from the previous project experience.
- Preparing Suggestion Documents to improve the quality of application.
- Conducting Review Meetings within the Team.
- Conducting the training for new employees and technical Job interviews for Test Engineers.
- Performing the smoke test on CATIA and ENOVIA.
- Give early build status comments to the higher management in France.
- Conducting the product review meeting with Developers and QA teams.
- Reviewing the Documents created by DOC team & giving them suggestions regarding modification in documentation if required.
- Handling the complete ownership of Shape (Surface) domain in CATIA.
- Handling the team of 6 people including me.
- Testing functionalities for Configuration Management, Change Management, Program Management, Engineering BOM

Key Projects other than regular work responsibilities

11.2014-12.2014	Skate Design using complete Surface and Assembly Apps in CATIA 3DEXPERIENCE 2014x level. Location: Paris, France
05.2018-11.2018	City Planning and Building design Using 3DEXPERIENCE Apps on CATIA R2018x level.

Education and Trainings

09.2018 – 03.2019

DASSAULT SYSTEMES
MDP (Management Development Program)

07.2007 – 06.2010

University of Pune, India
Bachelor of Production Engineering, Grade: 63% (First Class)

07.2004 - 06.2007

Government polytechnic Nashik, India
Diploma in Automobile Engineering, Grade: 76% (First Class with Distinction)

Additional Skills

Software Skills

- | | |
|----------------------------|---------|
| • CATIA V5/V6/3DEXPERIENCE | Expert |
| • 3DEXPERIENCE Platform | Expert |
| • ENOVIA V6/3DEXPERIENCE | Advance |
| • SOLIDWORKS | Advance |
| • DELMIA | Basic |
| • Fortran | Basic |
| • C and C++ | Advance |
| • Python | Basic |
| • MS Office | Advance |
| • Selenium | Basic |
| • SIKULI | Advance |
| • SAHI | Basic |

Languages Skills

- | | |
|-----------|---------------|
| • Marathi | Mother tongue |
| • English | Negotiable |
| • Hindi | Negotiable |

Extracurricular Activities

• 2009-2010

- Lead of "FACETS" Technical events organizing team for CATIA.
- Focal point for many other Generic Technical supportive activities for CATIA brand.
- Member of Annual Company level event management team "3D Verve"
- Completed ISTQB Certification- Foundation Level
