CAREER OBJECTIVE

Eager and committed Computer Science student aspiring for a Software Developer role, aiming to bridge the gap between classroom learning and real-world application. Passionate about contributing to groundbreaking projects and honing technical proficiency in software development.

EDUCATION

Mangalmay Institute of Engineering and Technology, Greater Noida Bachelor of Technology in Computer Science and Engineering	2021 - 2025
---	--------------------

Sai Public School, Kashipur Higher Secondary School Education (CBSE)	2020 - 2021
--	--------------------

Sai Public School, Kashipur Secondary School Education (CBSE)	2018 - 2019
---	--------------------

SKILLS

Languages: SQL, Python

Databases: Databases: MySQL, SQLite (CRUD operations, joins, views, stored procedures)

Technologies/Tools: VS Code, SSMS, Git

Coursework: DBMS, Object-Oriented Programming

PROJECTS

Student Management System

- Designed and implemented a relational database schema for managing student information (Name, Age, Department, Grade).
- Developed and optimized stored procedures to perform CRUD (Create, Read, Update, Delete) operations efficiently.
- Integrated Python with SQL to retrieve, insert, and update student records dynamically.
- Built a simple HTML-based user interface to display student data in a clean, user-friendly format.
- Focused on modular, maintainable code and separation of concerns between database, backend, and frontend.

Expense Tracker

- Developed a cross-platform expense tracker application to help users record, categorize, and analyze spending.
- Implemented CRUD operations for expenses, categories, and user profiles with ongoing database integration.
- Designed features for budgeting, goal setting, and graphical spending reports to support financial planning.
- Built a user-friendly interface with clear navigation and interactive charts for spending insights.
- Collaborated on database schema design and backend logic to ensure scalability and secure user authentication.

ACHIEVEMENTS/EXTRA-CURRICULAR

- Applied Cloud Computing For Software Development from Tech Saksham
- Data Analytics Internship from IBM Skillsbuild
