Address : 45, PMG Society, Narendra Nagar, Nagpur, Maharashtra-440015

Being an engineer from one of the prestigious institutes in the country, I'm intrigued by complex problems and finding solutions to those problems. I'm a certified Professional Level Developer in Integration platform (Boomi) with 7+ years of experience. I have good knowledge of migration to Boomi from various tools like OIC and SOA, SBI (Process Integration).

Work Experience   *Oct 2018 till date*

- Developed numerous maps and processes for the client from scratch for B2B integrations on Boomi.
- Worked on onboarding multiple trading partners onto the Boomi landscape by establishing connection via AS2, SFTP protocols by communicating directly with the client's customers.
- Worked on various connectors in Boomi including WSS, HTTP, AS2, SFTP, JMS, Database, Azure JMS, Disk, Mail, etc. and also used SOAP and REST web services for fetching data and processing it in Boomi.
- Worked on all profiles viz EDI, XML, JSON, Database and Flat files based on requirement.
- Possess hands on experience in handling Purchase Orders (PO), Invoices, ASN, Acknowledgements and various other EDI X12 transaction sets.

Senior Systems Engineer, *Infosys Limited, Nagpur, Maharashtra*   *Oct 2018 – Jun 2021*

- Worked on B2B migration from On-premise application onto cloud based Integration platform Boomi for giant UK based client and also developed multiple scenarios from scratch on Boomi platform for another US based client.
- Awarded with company's official Insta award for commendable performance in the projects.

Integration Consultant II, *UKG, Bangalore, Karnataka*   *Jul 2021 – Jun 2022*

- Worked on integrating company's own Attendance system with different end systems of customers using Boomi by building processes and by calling different APIs from Boomi.
- Developed multiple integrations by directly communicating with the customer and customizing the integrations as per their needs.

Software Development Engineer, *Emtec Technologies, Pune, Maharashtra*   *Jul 2022 – May 2023*

- Worked on building new Integrations for a US based construction client by integrating different end systems and implementing error handling, email alerts and notifications for support team.

Software Development Engineer, *TecQubes Technologies, Bangalore, Karnataka*   *Jun 2023 – Jan 2024*

- Worked on managing and enhancing newly built Integrations for a US based client and scoped up the learnings on B2B integrations. Responsible for enhancement of multiple processes and enhancement of email handling capabilities.

Senior Software Development Engineer, *Birlasoft Ltd, Pune, Maharashtra*   *Feb 2024 till date*

- Worked on two major migration projects from OIC and SOA onto Boomi. I have built integrations, which involved establishing connectivity between different applications and ERPs, while building integrations in Boomi, thus ensuring a smooth workflow similar to the migrating tools.
